IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

United States Code Annotated

WILLFUL INFRINGEMENT FOR PROFIT—Any person who willfully and for profit shall infringe any copyright secured by this title, or who shall knowingly and willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year or by a fine of not less than \$100 nor more than \$1,000, or both, in the discretion of the court.

PUBLISHERS NOTE

The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

R. L. POLK & CO., Publishers

INTRODUCTION

and GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,000 city, county, state and national Directories, present to subscribers and the general public, this, the 1962 edition of the Mount Vernon City Directory, which also includes Knox County rural route residents.

Confidence in the growth of Mount Vernon's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Mount Vernon to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Mount Vernon Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Mount Vernon. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Mount Vernon, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the third major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Mount Vernon, and the name, official personnel, nature and address of each firm and corporation in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY is the fifth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Mount Vernon. There are more than 1,000 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

MOUNT VERNON

"A PROUD HERITAGE—PLEDGED TO THE FUTURE"

(Courtesy Mount Vernon Area Chamber of
Commerce, 51 Public Square)

Statistical Review

Form of Government—Municipal. Incorporated as a village in 1830; as a city in 1880.

Population—1960 U. S. Census, 13,238. American-born 98.2 per cent.

Area—3¼ square miles.

Altitude—987 feet above sea level.

Climate—Mean annual temperature, 51 degrees F.; average annual rainfall, 34.36 inches.

Parks—4.

Assessed Valuation—\$36,173,796, with \$25.00 per \$1,000 total tax rate.

Bonded Debt—\$1,685,059 (Dec. 31, 1961).

Financial Data—2 banks, with total deposits of \$28,261,725 (Dec. 30, 1961), and total resources of \$32,058,210. 2 building and loan associations, with total assets of \$23,333,026.

Postal Receipts—\$267,250 (Fiscal year ending June 30, 1961).

Telephones in Service—10,726.

Churches—23, representing 22 denominations.

Building and Construction—259 permits, with total value of \$1,005,654, issued in 1961.

Real Estate—4,600 homes, with about 65 per cent (estimate) owned by occupants.

Industry—Chief industry of city and surrounding territory is manufacturing. 11 manufacturing establishments, employing 4,211 men and women and paying wages of \$25,100,589 annually. Principal manufactured products: Gas and Diesel engines, compressors, fluid pumps, window glass, milk bottles, Mason jars, bridges and structural steel, processed and printed cellophane, pliofilm, foils and paper, soybean products, corrugated paper containers, concrete blocks and grinding wheel parts.

Trade Area—Retail area has radius of 25 miles and population of 42,000.

Newspapers—1 daily, except Sunday, 10,900 circulation.

Radio Station—WMVO, AM and FM, radius of 45 miles, potential audience 288,335.

Hotels—1, with 75 rooms.

Motels—5.

Railroads—2, Baltimore & Ohio and Pennsylvania.

Bus Lines—2, Greyhound and Loudonville and Mansfield Stages.

Highways—U. S. 36 and 62; Ohio 3, 13, 229, 586 and 661. The new interstate highway 71 provides the following interchanges: Route 13 (near Bellville) 23 miles from Mount Vernon; Rt. 95 (near Chesterville) 17 miles; Rt. 229 and 61 (near Marengo) 20 miles; Rt. 36 (near Sunbury) 29 miles. (Source: Knox County Automobile Club).

Airports—Wynkoop Airport, privately owned, accommodates twin engine executive planes. Port Columbus 40 miles distant.

Automobile, Truck, etc., Registrations—20,500 (city and county).

Amusements—Largest auditorium in city seats 1,100 persons (theatre). 1 moving-picture theatre, with local seating capacity of 1,000 persons. 1 drive-in theatre. 3 golf courses.

Hospitals—2, with total of 208 beds. Construction started in spring of 1962 on new \$1,500,000 B. W. Martin Memorial Hospital.

Education—13 public schools, including 1 senior high and 1 new junior high. 1 parochial grade and high school. Number of pupils in public schools, 4,660; in parochial, 547. Number of teachers in public schools, 199; in parochial 14.

Public Libraries—1, with more than 64,000 volumes.

City Statistics—Total street mileage, 60, with 20 miles paved. Miles of gas mains, 86; sewers, 54.42. Number of water meters, 4,700. Capacity of water works (municipal), 6,500,000 gallons; daily average pumpage, 2,500,000 gallons; miles of mains, 58. Fire department has 17 men, with 1 station and 4 pieces of motorized equipment. Police department has 16 men, with 1 station and 4 pieces of motorized equipment. Mount Vernon also has a modern sewage disposal plant.

General Review

The first white man known to have viewed the present site of Mount Vernon was John Stilley, who, when a captive among the Indians, traversed Owl Creek (present Kokosing River) from its mouth upward, in June, 1779.

The first white man to locate within the present Knox County limits was Andrew Craig, who came from the mountainous region of Virginia, and built his cabin close to the little Indian Field, located where Center Run enters the Kokosing River, on the southeastern edge of the city. Here he lived when Mount Vernon was laid out in 1805 by Joseph Walker, Thomas B. Patterson and Benjamin Butler.

One of the settlers, being from the region of the Potomac River and thinking of the consecrated spot on its shores, suggested that the town should bear the name of Mount Vernon.

The first settlers were from Virginia, Maryland, New Jersey and Pennsylvania, and many of the direct descendants of those hardy pioneers still reside in this locality.

A frequent visitor to the settlement in the early days was the famous character in Ohio history, known as Johnny Appleseed (John Chapman). He is given credit for planting some of the old apple orchards in the county, and at one time owned two lots in the original plot of the village. These lots were located at the end of S. Main St., next to the river.

Knox County, of which Mount Vernon is the county seat, is one of the richest agricultural counties in the state, and leads in the raising of poultry, hogs and pure-bred sheep. It is the largest sheep-raising county in Ohio.

Mount Vernon is located on the Pennsylvania Railroad, 90 miles from Cleveland and 45 miles from Columbus. It also is located on the Wheeling-Chicago division of the Baltimore & Ohio Railroad, giving direct connections to the great market centers. Nine motor-freight lines give cross-country industrial service.

The State and Federal highways traversing the county and Mount Vernon include State Route No. 3 (the well-known "Three C Highway"), the short route between Cleveland and Cincinnati via Columbus; State Route 13, connecting Sandusky and Athens, Ohio; U. S. Route 36, from Denver, Colo., to Cadiz, Ohio, there connecting with U. S. 22 on to the Atlantic Coast; State Routes 229, 586 and 661; and U. S. Route 62, from Buffalo, N.Y., to the Rio Grande River, passing through the southeastern section of the county. (See Highways, under General Statistics for Route 71, free-way, information.)

Mount Vernon has two banks and two building and loan associations. These institutions are well managed and have facilities to take care of demands far in excess of the present requirements.

The educational facilities of Mount Vernon are excellent. The public high school is modern in every way. One new grade school and additions to three other grade schools have been constructed recently. A new Junior High building is now in use. The parochial grade and high schools are of a very high standard. The Mount Vernon Academy, operated by the Seventh Day Adventist Church at Academia, a suburb, is well and favorably known, and draws students from all parts of the world. The Mount Vernon Bible College at Bangs has begun a theological education program. Five miles east, at Gambier, is Kenyon College, an Episcopal school, which is the oldest men's college west of the Alleghenies. Many of the most famous men in American life were graduated from Kenyon College, including President R. B. Hayes and Edwin M. Stanton.

Mount Vernon is honored in the history of America's national music, being the birthplace of Daniel Decatur Emmett, immortal as the author and composer of "Dixie," that song beloved of the Southland and now one of the national songs of a reunited people. His last resting place in beautiful Mound View Cemetery is a shrine for all who honor and revere his memory.

Industry is diversified and has experienced a sound and steady growth in Mount Vernon. Labor-management relations have a record of friendly cooperation. The principal industries now include:

The Cooper-Bessemer Corp., manufacturers of gas engines, gas-diesel engines, diesel engines, marine engines, and compressors.

The Continental Can Company, printers and converters of laminators, cellophane, pliofilm, foils, paper and coatings.

The Pittsburgh Plate Glass Co., automobile and window glass.

The Lamb Glass Co., manufacturers of milk bottles and Mason jars.

The Loma Linda Food Co., soybean food products.

The Weyerhaeuser Company—Shipping Container Division corrugated cardboard containers.

Mattox Concrete Products, blocks, etc.

Honeycomb Products, honeycomb, fiberglass, paper, etc.

Armstrong White Company—Manufacturing product parts for the grinding wheel industry.

Electric power is furnished by the Ohio Power Co., which has ample facilities for providing power for any size industry. Telephone service is furnished by the Mount Vernon Telephone Corp. Natural gas is provided by the Ohio Fuel Gas Co., and the Ohio Cumberland Gas Co. City water comes from artesian wells and is softened in a modern municipal softening plant. This plant has been increased in size and an additional new reservoir, located on a high point east of the city, has been constructed, providing ample facilities for the future growth of Mount Vernon. The City has a modern sewage-disposal plant, planned for future expansion of the city.

Health conditions here are unexcelled in the state. Two modern hospitals serve a large section of central Ohio. Mercy Hospital and B. W. Martin Memorial Hospital, which has plans underway for a new hospital. The Mount Vernon State Hospital, a multi-million dollar institution, is located near Mount Vernon.

Mount Vernon has:

A beautiful memorial building with a large public auditorium, furnishing facilities for civic meetings and concerts.

A state armory building providing another large area for public affairs.

A handsome post office building, occupying half a city block in the business section.

A modern public library.

A newly-remodeled Y.M.C.A., with swimming pool.

A new Army Reserve Training Center has been constructed.

A country club with a fine golf course and swimming pool, beautifully located in the hills overlooking the city and surrounding country.

A community swimming pool and recreation area.

23 Churches, representing practically all denominations.

A retail section occupying sixteen city blocks, with stores and shops equal to any city in Ohio. Four parking lots provide free parking facilities for customers in the downtown area.

Mount Vernon has a comprehensive plan for the community which includes studies on Zoning, Highways, Building Codes, Annexation, etc. A Land-use study has been made of the city and the three-mile area from the city's corporation line. A Community Council, composed of representatives from all organizations, is working on development of the community.

The Mount Vernon Area Chamber of Commerce employs a full-time staff and maintains office facilities and services of high quality. An up-to-date City Directory Library is available for use at the Chamber office.

The citizens of Mount Vernon are determined that proper planning will be done now to make ready for the future growth of the city.

CASHIERS! TELLERS! — CLERKS! —

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

ON EARTH

MR. CITIZEN!

CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. Your name, listed correctly in the City Directory, is a great asset. This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

CASHIERS! TELLERS! CLERKS!

*Do your employers furnish you with the
latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

POLK'S MOUNT VERNON

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1962

Copyright, 1962, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol @ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CASHIERS! TELLERS! CLERKS!

*Do your employers furnish you with
the latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
